**ELECTRICAL CONSTRUCTION INDUSTRY  
PREFUNDING CREDIT REIMBURSEMENT PROGRAM**

**Notice of New Claim Filing Deadline**

**February 28, 2018**

This is to notify you of an amendment to the Electrical Construction Industry Prefunding Credit Reimbursement Program (the "Plan"). As you know, the Plan reimburses you for the cost of premiums for eligible retiree health care coverage. Previously, the Plan did not include a deadline on when you were required to submit a request for reimbursement of premiums you had paid. In order to better monitor Plan expenses, the Trustees determined it would be appropriate to incorporate a deadline for submitting reimbursement claims.

Accordingly, effective January 1, 2018, the Trustees amended the Plan to provide that claims for reimbursement must be submitted by the end of the calendar year following the calendar year in which the premium expense was incurred. For example, expenses incurred for premiums paid in 2018 must be submitted to the Plan for reimbursement no later than December 31, 2019. Claims submitted after this deadline will not be eligible for reimbursement.

This notification, which is called a Summary of Material Modifications, is intended to update the Summary Plan Description ("SPD"). Therefore, you should place this notice with your SPD and retain it for future reference. If you do not have a copy of the SPD, please contact the Plan's administrative office.
